

3rd March 2021

Dear Parents/Carers,

Year 8 Streams

We are really looking forward to welcoming students back to school next week. With the full re-opening of the academies, we are now in a position for Year 8 students to move into their new streams. These streams were decided based on the rank order assessments students completed before Christmas.

You may remember you received reports from all subjects and details of the new streams back in January but that we postponed the re-streaming of the students during the lockdown.

Please could you re-familiarise your son/daughter with their new stream as they will line up according to these on their return at 9am on Tuesday 9th March. There will be staff on hand to support students with this if you can no longer access the reports that were sent home.

As a reminder, Year 8 will be moving to Block A from Tuesday 9th March and when they enter the site, they should head directly to the basketball courts.

Thank you for your continued support. If you have any questions about your child's return to the academies, or their new stream, please contact the year team:

year8team@avonbourneacademy.org.uk

Yours sincerely,

Miss J Booler
Assistant Principal

Mrs J Thomson
Head of Year 8
