

September 2026

Dear Parent, Guardian and Carer,

Changes to Meal Prices September 2026

I am writing to formally inform you that, effective from 1st September 2026, the new meal price will be £2.78.

Additionally, tariffs for products outside of the meal price will have a blended 5% uplift. This adjustment will be weighted to ensure that healthier items receive the smallest increase, aligning with our commitment to promote healthier choices for your children.

We believe these changes will ensure that we continue to offer quality products while delivering a nutritious offer and added value theme days.

Our menu innovation team are currently working on the autumn winter menu cycle which will go live on return from the October half term.

Thank you for your attention to this matter. Please do not hesitate to contact me if you have any questions or require further clarification.

Yours Faithfully,

Rebecca
